Leeds is the UK's second largest financial centre and has a central role in other key business sectors. In addition, the city has 13 AIM accredited venues, with two gold awards.

Leeds is a city transformed. With a rich industrial heritage, the city centre has been rejuvenated beyond recognition. This is a city that hasn't stood still and is now a thriving and vibrant business hub.

Leeds is known for its strong presence in medical and healthcare, professional services, digital and manufacturing sectors and will deliver unique and compelling events through a city wide collaborative approach.

For delegates attending events in Leeds, the city is a wonderful place to explore during free time. Lonely Planet named Leeds as one of Europe's top 10 destinations to visit in 2017. Leeds has a compact centre which is ripe for discovery, with a strong food and drink scene and an abundance of culture and heritage, as well as over 1,000 shops and over 300 bars and restaurants in the city centre alone. As a host of the Grand Départ of the Tour de France, the Rugby World Cup, the national Teach First conference in 2014-2020 and three World Triathlon Series events, Leeds has showcased its capability for hosting major events.

Social Programme Ideas

Whether your delegates have a few hours to spare during your conference, are able to stay on for a couple of days or return at a later date; Leeds offers a great combination of modern European energy with a strong heritage and a huge warm and friendly welcome.

Retail

Leeds is now the third largest shopping destination in the UK outside London so you are never more than a few steps away from a great shopping experience. Fans of the high street can hit Trinity Leeds, or if you're looking for luxury treats head to the Victoria Quarter and Victoria Gate. Vintage goods and boutique shops can be found a plenty in Leeds Corn Exchange, or stop by Leeds Kirkgate Market, one of Europe's largest covered markets, to browse the vast array of independent stalls.

History & Heritage

You will experience stunning heritage no matter where you go in Leeds; the city has more listed buildings than any other English city outside of London. Famous landmarks include the stunning Victorian arcades such as the Victoria Quarter, the magnificent Corn Exchange, Leeds Town Hall, Civic Hall and Kirkgate Market. For a slice of British History, Leeds has plenty to offer with a number of historical houses and gardens, including Harewood House, Lotherton Hall and Temple Newsam. Kirkstall Abbey; one of the most complete medieval Cistercian Abbeys in Britain is also a 'must visit'.

Culture

Leeds' heritage as a city of entertainment is a long and illustrious one and continues to flourish today. The city boasts both its own opera and ballet companies in Opera North and Northern Ballet and four theatres. It has an ever changing calendar of events and festivals and is home to some highly acclaimed events including the Leeds International Film Festival, Leeds Indie Food Festival and Light Night. The award winning 13,000 seater first direct arena see's the city play host to a broad spectrum of international artists and events. In the year of 2023 Leeds will host an international cultural festival that will celebrate the cultural life of Leeds and bring the best global arts to the city. A 4 year programme starting in 2019 will whet the city's appetite for what is to come in 2023.

The Wider Region

Leeds is an excellent gateway to the north of England, with the Yorkshire Dales, North Yorkshire Moors, Yorkshire coastline and the cities of Liverpool, Manchester, Newcastle and York just a short drive or train journey away. Take time out exploring one of the many beautiful market towns such as Otley and Wetherby enjoying their weekly farmers markets, independent shops and friendly hospitality.

Sector Strengths

Healthcare & Medtech

As the UK's first city of health innovation, Leeds City Region has a unique health and social care eco-system. The city region is home to the headquarters of four out of the five NHS bodies, one of the largest teaching hospital in Europe and the largest healthcare data platform in the world. According to a recent study by the What Works Centre for Wellbeing, Leeds is the highest ranked Core City for health and wellbeing. Leeds City Region also excels in health informatics and is home to the highest concentration of health informaticians in the UK along with leading research, development and production of cutting edge medical devices.

Financial & Professional Services

Leeds City Region is the UK's second centre for banking. Over 30 national banks are based here and Leeds is home to the Bank of England's only note issuing centre outside of London. It is also recognised as an important centre for the legal profession with seven of the UK's largest 25 law firms having a major presence here. The city region is also home to one of the largest concentrations of business and client support centres in the UK.

Digital Sector

From creative outputs to digital content and the development of future technologies, Leeds City Region is fast fulfilling its ambition to become the UK's northern Digital and Information Hub. Leeds City Region is a world class location for data management and has taken a firm lead in the 'data revolution', the UK's first internet service provider was born here, it is home to the only independent Internet Exchange Provider outside London and is also primed to be the first Northern England Fintech centre.

Manufacturing

Leeds City Region is the UK's centre for innovative manufacturing, with a wealth of mid-sized firms driving the sector forward with technological advancements. The region boasts world-class research competencies, from bio-renewable development to innovative physical organic solutions. The University of Leeds is on the top 100 Global University Ranking with an annual research spend approaching £200million and is ranked in the top 10 in the UK for Advanced Materials Research. The Region has strengths in earth systems and environmental sciences, electrical and electronic engineering, metallurgy and materials and aeronautical, mechanical and manufacturing engineering.
